

**Let the world know** : Once you have done all this, don't just sit idle and draw satisfaction from the fact you have done your bit for the environment. How about spreading the message of 'Greener World, Cleaner World' in your neighbourhood. You could consider carrying out a Green March, write articles for local newspapers on the importance of green and clean surroundings. Meet an environment scientist, who can tell a lot more about what children like you can do to make the Earth a cleaner, greener and healthier planet to live.

*(Based on an article by Archana Subramanian, Young World)*

14. The main purpose of 'Free trees anyone' is to \_\_\_\_\_.
